

# CHEMI-BACT

## CONCENTRATED DISINFECTANT

- **High active formula:** destroys both gram-negative and gram-positive bacteria.
- **Bactericide:** inhibits further bacterial growth.
- **Anti-fungal:** inhibits further fungus growth
- **Water soluble** - equally effective in all kinds of water.
- **Powerful deodorant** - leaves fresh pine fragrance.
- **Economical in use** - can be diluted up to 1:100 parts with water.

**CHEMI-BACT** is an exceptionally powerful cleaner, disinfectant and deodorant which is most effective in the control of viruses and bacteria. Tests have proved its effectiveness against many common infectious organisms such as: *Pseudomonas Aeruginosa*, *Staphylococcus Aureus*, *Escherichia Coli*, *Salmonella Typhosa*, *Shigella Dysenteriae* and *Salmonella Cholerasuis*.

**CHEMI-BACT** should be used around waste disposal areas, dustbins, rubbish chutes, drains as well as on all floors and hard surfaces.

**CHEMI-BACT** should be diluted up to 100:1, and can be applied by sprayer, mop & bucket or sponged.

**CHEMI-BACT** is safe to use on all surfaces

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-BEER LINE

## EFFECTIVE BEER LINE CLEANER

- **Fast & effective:** for all beer lines
- **Versatile:** removes protein, organic residues, bacteria and fungus
- **Non tainting:** reduces “down” time
- **Highly dilutable:** ensures economy in use

**CHEMI-BEER LINE** cleaner is a highly dilutable, versatile beer line cleaner, suitable for use on all lines, dispensers and equipment

Unique formulation ensures quick pipe cleaning, minimising “down time”

**CHEMI-BEER LINE** cleaner should be diluted at up to 30:1, pulled through the lines, allowed 10 minutes dwell time, clear through and rinse.

When used as directed leaves no taint or odour

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-CATER

## CONCENTRATED CLEANER AND SANITISER

- **Effective:** cleans & degreases all surfaces
- **Broad spectrum:** biocide effective against wide range of bacteria.
- **Versatile:** 2 products in 1 reduces product inventory.
- **Non tainting:** food safe, no rinse required, reduces clean time.
- **Safe on all surfaces:** contains neither solvents nor abrasives.
- **Concentrated:** can be diluted at up to 100 to 1.

**CHEMI-CATER** is a blend of cleaners and sanitizers, safe for all situations. It will safely clean and sanitise all hard surfaces including worktops, cutting boards, tables, refrigerators, freezers, microwave ovens, vending machines, sinks and surrounds, tiles, walls and general kitchen equipment. It kills a wide range of bacteria, including *Salmonella enteritidis*, *E. coli* and *Hepatitis B*.

**CHEMI-CATER** is a non tainting, food safe product, it is ideal therefore for use in kitchens, food preparation areas, processing plants, butcheries, bakeries. It is also ideal for nursery areas, for all products that can come into contact with mouths.

**CHEMI-CATER** is diluted at up to 100:1, and can be sprayed, mopped, sponged or soaked. It is suitable for use on all surfaces

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-CLOAK

## GERMICIDAL WASHROOM CLEANER

- **Three way action:** cleans, disinfects and deodorises in one.
- **Economical:** dilutes at up to 40:1.
- **Effective:** cleans soap residues, body fat from baths, showers, basins, mirrors etc
- **Perfumed deodorant** - leaves washrooms clean and smelling clean

**CHEMI-CLOAK** makes bowls, sinks, baths, urinals and bathroom mirrors gleam. It contains no harsh acids or alkalis and can be used freely on chrome, tile, glass, porcelain, ceramics, stainless steel and plastics.

**CHEMI-CLOAK** is ideal for use in hotels, clubs, hospitals, schools, colleges, offices, restaurants, retail stores and public buildings.

CHEMI-Cloak should be diluted at up to 30:1, and sprayed onto surfaces. Polish with damp cloth then rinse. Polish with dry cloth.

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-CLOUT

## NON ACIDIC DRAIN OPENER AND DEGREASER

- **Powerful:** disperses grease, fat, and oil with maximum efficiency.
- **Reduces bad odours:** use in drains, grease traps, etc.
- **No harsh fumes:** no evacuation required.
- **Environmentally friendly** causes no hazards when used as directed.
- **Concentrated:** 1 part can be diluted with 2 parts of water for effective clearing and cleaning of drains.

**CHEMI-CLOUT** has a heavy duty formulation which makes it suitable for both regular and shock treatment of drains. When used as a preventative maintenance measure. It is extremely effective and will ensure free flowing systems all year.

**CHEMI-CLOUT** is recommended for use in food processing and meat packing plants, dairies, bottling companies, hotels, motels, commercial, municipal and industrial facilities.

**CHEMI-CLOUT** is diluted 1 part product to 2 parts very hot water. Dose drain and leave to dwell.

Do not use on aluminium or aluminium alloys

When using, ensure adequate personal protective equipment is utilised. See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-COMMAND

## WATER BASED SURFACE CLEANER

- **Versatile:** cleans concrete, metal, plastic or rubber surfaces with maximum efficiency.
- **Powerful:** removes oil, grease, grime, mildew, many dyes, inks etc..
- **Low-foaming:** no suds problems and fully biodegradable.
- **Non-flammable:** contains no solvents, 100% fireproof.
- **Contains rust inhibitor:** will not cause flash rusting.
- **Concentrated:** dilutes up to 10 parts for general cleaning, and up to 50 parts for light soils.

**CHEMI-COMMAND** can be applied by brush, mop, spray etc.. It is ideally suited for use in ultrasonic tanks or other immersion cleaning systems either warm or cold.

**CHEMI-COMMAND** totally cleans concrete floors, tiled walls, coolant reservoirs, vinyl upholstery and other plastic surfaces. It is excellent for cleaning surfaces prior to painting and for general use in kitchens etc..

**CHEMI-COMMAND's** complex formulation makes it extremely effective over a broad spectrum of industrial and institutional applications such as bakeries, bottling plants, breweries, boats, printing plants, public buildings, parks departments, dockyards, food plants, machine shops.

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-COOK

## THIXOTROPIC OVEN CLEANER

- **Highly effective:** removes all grease and carbon residues from oven interiors.
- **Thixotropic:** clings to vertical surfaces giving the active ingredients time to work.
- **Water neutralised:** simple water washing will remove all residues, leaving the surface clean and product free.

**CHEMI-COOK** is a thickened blend of caustics designed specifically to be used on oven interiors. Its viscous nature enables it to cling to vertical and overhanging surfaces. It will remove carbonised deposits.

**CHEMI-COOK** is supplied ready to use. Pre heat oven to hand hot, spray, leave, agitate if necessary, wipe off.

Do not use on aluminium or aluminium alloys

When using, ensure adequate personal protective equipment is utilised. See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-DISHWASH

## AUTOMATIC DISH WASHER DETERGENT

- **Very concentrated:** will be much more effective than “cheaper” detergents
- **Versatile:** suitable for constant flow or batch machines
- **Hard water ready:** Suitable for hard or soft water areas
- **Totally effective:** rapidly lifts, softens and dissolves all food residues and particles

**CHEMI-DISHWASH** automatic dishwash detergent is a highly concentrated product, for use through automatic dispensing equipment. The doser may well have to be adjusted to reduce the take-up of this concentrated solution.

It is highly recommended that this product is used in conjunction with **CHEMI – RINSE AID**.

Do not use on aluminium utensils or crystal glasses

When handling, ensure adequate personal protective equipment is utilised.

See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-EQUIPSAN

## FOOD AND FOOD PROCESSING STERILISER

- **Sterilises:** salads, fruit and vegetables
- **Highly effective** – more efficient than sodium hypochlorite.
- **Safe to use** – non corrosive and neutral pH.
- **Tablet form** – standard, easy dosing system.
- **Effective destainer:** removes tannin etc on crockery and cutlery

**CHEMI-EQUIPSAN** is the modern system for the eradication and control of bacteria on salad foods, vegetables, fruit and food processing machinery. It will sterilise food and beverage vending machines, slicing machines, soft ice cream machines and other food process equipment.

**CHEMI-EQUIPSAN** tablets are very economical to use, 1 tablet per sinkful is all that is required for salad wash.

Use 1 tablet per litre of water for soak tank for tannin removal.

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-GREASEBUSTER

## HEAVY DUTY DEGREASER

- **Very effective:** use on cooker hoods, canopies, cooker backs, stainless steel filters and deep fat fryers
- **Very powerful:** contains two strong cleaning agents for added performance
- **Versatile:** also has exceptional bacteria killing power
- **Economical:** highly dilutable
- **Food safe:** non tainting

**CHEMI-GREASEBUSTER** is a versatile, heavy duty degreaser and cleaner. It can be used all round the kitchen area, where grease is encountered. Particularly effective on non-slip floors.

It reduces all oils, fats, greases and food residues to a water rinseable slurry, leaving a chemically clean surface.

**CHEMI-GREASEBUSTER** should be diluted at up to 40:1 dependant on the level of soiling encountered. Use hot or cold. If used on hot surfaces, beware of steaming of this product. Can be sprayed, or used to soak items in dip tank

Do not use on aluminium or aluminium alloys

When using, ensure adequate personal protective equipment is utilised.

See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-GLASSWASH

## AUTOMATIC GLASS WASHER DETERGENT

- **Very concentrated:** will be much more effective than “cheaper” detergents
- **Versatile:** suitable for constant flow or batch machines
- **Hard water ready:** Suitable for hard or soft water areas
- **Totally effective:** rapidly lifts, softens and dissolves all residues, proteins and lipsticks

**CHEMI-GLASSWASH** automatic glasswash detergent is a highly concentrated product, for use through automatic dispensing equipment.

The doser may well have to be adjusted to reduce the take-up of this concentrated solution.

It is highly recommended that this product is used in conjunction with **CHEMI – RINSE AID**.

When handling, ensure adequate personal protective equipment is used  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-LIQUASOAP

## HAND WASH

- **Cleans effectively:** removes dirt, grime and body odours.
- **Bactericidal & Fungicidal:** suitable for use in busy washrooms and gymnasiums.
- **Choice of perfumes:** Tropical Coconut , Active Sport or Savoy Peach.

**CHEMI-LIQUASOAP** is a unisex all over body wash system, suitable for both hand or shower wash dispensers. Its ph neutral balanced formula gives a rich creamy lather while containing a mild bactericide/fungicide.

**CHEMI-LIQUASOAP** is ideal for use in all general public washroom areas and sports facility showers

# CHEMI-LOO

## CONCENTRATED TOILET CLEANER AND DESCALER

- **Fast acting:** quickly removes scale and organic stains from urinals and WC bowls.
- **Powerful:** kills odours and bacteria at source.
- **Viscous:** ensures product clings to vertical surfaces.
- **Perfumed:** imparts a pleasant smell in toilet areas.
- **Fully biodegradable:** environmentally acceptable, even in bio-sensitive, non-mains sewer systems.

**CHEMI-LOO** is a blue coloured, viscous, perfumed descaler designed to kill bacteria and remove organic encrustation from urinals and toilets. Its regular use helps to remove the source of unpleasant odours and keep drains and pipes clear and free running.

**CHEMI-LOO** can also be used to remove scale, algae and slime from swimming pool surrounds to restore safe, non slip conditions.

Do not use on stainless steel, chrome or gold

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-NEW SPARKLE

## SMEAR FREE GLASS & CHROME CLEANER

- **Effective:** dissolves dirt, film, smudges, finger marks, lipstick, crayon, insects and other soils.
- **Rinse free:** Leaves a glistening, clean surface, no need for rinsing or neutralising.
- **Economical:** even the most sparing use cleans surfaces effectively and repels dust and dirt.
- **Quick:** the ready to use product is spread and polished off in seconds.
- **Cleans & polishes:** one operation, no need to use separate cloths.
- **Versatile:** can be used on glass, ceramic tiles, mirrors and all chrome

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-RINSE AID

## AUTOMATIC DISH & GLASS WASHER RINSE AGENT

- **Effective:** ensure streak free, polished finish on all glassware, crockery, cutlery and utensils
- **Versatile:** Suitable for use in hard or soft water areas
- **Compatible:** for all automatic feed machines, even those with built in product reservoirs

**CHEMI-RINSE AID** automatic dishwash and glasswash rinse agent is a highly concentrated product, for use through automatic dispensing equipment.

The doser may well have to be adjusted to reduce the take-up of this concentrated solution.

It is highly recommended that this product is used in conjunction with **CHEMI – DISHWASH** and **CHEMI - GLASSWASH**.

When handling, ensure adequate personal protective equipment is utilised. See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-SANIBAR

## SANITISING HAND CLEANER

- **Unique biocide:** gives increasing long term protection.
- **Soft lather:** removes dirt easily.
- **Versatile:** broad-spectrum anti microbial activity gives wide ranging protection
- **Safe to use:** Contains no abrasives nor solvents, so will not damage skin.
- **Non tainting:** no added perfume, will not taint food
- **Biodegradable;** environmentally safe.

**CHEMI-SANIBAR** is a blend of powerful but gentle skin cleansing agents with a broad spectrum biocide specially developed for hand cleaning in any area where food contact is a possibility. It has been specially developed for hygienic hand washing in food manufacturing and processing areas to prevent the spread of harmful bacteria.

Biocides in conventional cleaners kill bacteria and are then rinsed away leaving the skin susceptible to further contamination. The substantive property in **CHEMI-SANIBAR'S** biocide ensures that the active ingredients deposited onto the skin during the washing process are not rinsed away but remain on the skin as a defence against further infection. It will continue to protect throughout a working shift.

# CHEMI-STAINLESS

## DESCALING STAINLESS STEEL CLEANER

- **Safe to use:** use on all grades of stainless steel.
- **Descaler:** dissolves accumulated limescale build-up.
- **Versatile:** leaves all stainless surfaces sparkling, in hard or soft water areas. Can also be used in bathrooms, showers, washrooms etc.
- **Safe to use:** can be sprayed (with Chemi-Call's foam head sprayer), soaked or sponged.
- **Non tainting:** no added perfume, will not taint food
- **Biodegradable;** environmentally safe.

**CHEMI-STAINLESS** is a blend of powerful but gentle acids and surfactants for the efficient remove of dirt and soiling, particularly that which is trapped by limescale. It is ideal for use where heat has exacerbated the build up, such as in water heaters, kettles, urns etc

**CHEMI-STAINLESS** should be diluted at up to 20:1, applied to the area to be cleaned and allowed to dwell for minutes. For heavy deposits or soiling repeat applications may be required.

For water heaters, kettles and urns, ensure 2 rinses with fresh, clean water before using.

When handling, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-SUPER SUDS

## BACTERIACIDAL WASHING-UP LIQUID

- **Long-lasting foam:** indicates high-efficiency level of solution.
- **Lemon fragrance:** no lingering smell of detergent.
- **Powerful degreaser:** removes fats, oils and soiling from utensils effortlessly.
- **Streak-free:** rinsing leaves dishes sparkling clean.
- **Bactericide:** kills both gram positive and gram negative.

Developed in our own laboratories, **CHEMI-SUPER SUDS** liquid is formulated from a sophisticated blend of surface active agents and viscosity modifier together with natural lemon essence. As a result, **CHEMI-SUPER SUDS** is a super efficient cleaner which is both pleasant to use and safe for hand dishwashing.

Since **CHEMI-SUPER SUDS** is a concentrated solution it is effective in dilutions as high as 1 part to 500 parts of hot water.

When using, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*

# CHEMI-TERMINATE

## FOOD AREA FINAL RINSE SANITISER

- **Rinse sanitizer:** leave product to dwell
- **Versatile:** Broad spectrum of activity
- **Food safe:** totally volatile, non tainting formula

**CHEMI-TERMINATE** is a fully safe to use, final rinse agent to sanitise all surfaces at the end of a shift. It is food safe, being totally non – tainting.

**CHEMI-TERMINATE** is ideal for food preparation tables and benches, work surfaces, chopping boards, utensils, fittings, food containers, platters, weighing equipment etc.

**CHEMI-TERMINATE** can be used on stainless steel, aluminium, wood, plastics, melamine, ceramics etc

When handling, ensure adequate personal protective equipment is utilised.  
See Material Safety Data Sheet for full details.

*NB: Before handling this product, please read the Safety Data Sheet*
